

Following recent knowledge that a member had tested positive for Covid 19 we have taken the opportunity to review our safeguarding protocols and have made a few changes.

- Now we are back in regular rehearsal, if you do test positive at any time, you should let your VR know and, of course, do not come to rehearsals until you are out of any isolation period.

Sign up

Signing up and completing NHS questions are an integral part of our safety measures

- As normal you must sign up for rehearsals and complete the NHS questions. You should complete the questions before closure of sign up so that all the information is present when the attendee lists are prepared
- If you are in any doubt about whether or not you have signed up you should look at the rehearsal sign up box and it will say "Attending" to confirm sign up.
- To give you time the sign up list will close at mid-day on Tuesdays.
- If you have not signed up do not come to the rehearsal you will not be allowed to attend

A reminder of entry points.

Entry Point

- All Sops and Alto 1 entry as normal through main foyer
- Alto 2 and Basses both enter from the top car-park
- Alto 2 then enter by the main external fire door into the corridor leading to Chowen LT (follow the corridor round & enter Chowen LT by the internal door as they did last night - this reduces the log jam at the main front door
- Tenors enter via 1st Fire Door
- Basses enter by the 2nd Fire Door which leads directly into Chowen LT.

Seating

- Sop 2 and Alto 2 fill in from the back of Chowen LT
- Sop 1 and Alto 1 fill in from the front of Chowen LT
- If sops run out of space the few rows behind the tenors can be used

- As far as possible please try and sit in the same place each week, many of you seem to be in the same place every week and whilst Voice reps will be keeping a record of seating positions this would help us locate people should the need arise again.

On arrival

- You will be asked to confirm that you have taken a Lateral Flow Test with a negative result within the last 24 hours. This will be recorded along with your seating details so that in the event of another positive case we will know who to contact.
- If you have not taken a test you may be asked to leave the rehearsal. You have been warned.

Break

- Break time is a high risk period with members meeting and chatting in a crowded foyer. As an additional safety measure therefore, for the next few weeks we will run through from 7.15 to 9.15 without a break, much as we did when we were at All Saints.

Your co operation with these measures is essential if we are to continue to rehearse safely and in accordance with the requirements of the Medical School and UoS.
Thank you
